Chas. Jackson's Best Sweet Navy Tobacco. Election today.

Morristown boasts of a ten pin alley which is driving a lively business.

Rev. Dr. T. C. Tensdale is announced to preach in the Baptist Church at Maryville next Sunday night.

The authorities of Hamilton county have put the prisoners in the Chattanooga jail, those convicted of misdemeanors, to work on the public roads.

Chattanooga Times: From a private letter yesterday we gained information that the bridge near Charleston has been badly damaged by the late rains.

Mr. C. J. Gooding, the well known and experienced prescriptionist, will be found for the present at the popular drug store of Lyons & McCampbell, where he will be pleased to meet all his old friends and customers.

Capt. W. C. Coker is building a new steamboat at Chattanooga, says the Times. It is to be about the size of the Wilder, but has not been named yet. The boat formerly known as the Ida is being rebuilt and is to be called the J. H. Johnson. She will be commanded by Capt. John Jackson.

Morristown Gazette: Mr. Chas. M. Harris and Mr. Pryor Smith, of Whitesburg, favored us with a call last Monday. Charlie says he is endeavoring to save humanity, and proposes establishing a newspaper at Russellville, Whitesburg, Choptank, Bull's Gap and other prominent points in and out the county which may come under his consideration.

Maryville Index: The revival meetings at Mt. Tabor closed on Tuesday of last week, and thirty-four conversions are reported. Rev. N. Bachman was warmly seconded in his efforts by Prof. Crawford, and by the people of Mt. Tabor neighborhood, who showed their interest by leaving their work, and letting their wheat go unthreshed in order that the good work might go on. From Mt. Tabor Mr. Bachman went to Eusebia Church.

We have removed our Drug Store to the Southeast corner of Gay and Clinch streets.

Vigor of Mind and Body.

Every person would have more vigor of mind and body and mental clearness were they to use a daily diet of unboltheaded flour. Mix with the flour dry, Dr. Price's Cream Baking Powder, stir in pure water, form a soft batter, bake in gems or biscuits, and the result will be the most nutritious article of food that can be made.

A Slight Change of Schedule

Goes into effect on the E. T. V. & G. Railroad today. The only change, however, is in schedule No. 1, the day mixed train west. It leaves Bristol the same time as before, 4:45 a. m., but quickens up and reaches Knoxville at 12 o'clock, an hour earlier than before, and arrives in Chattanooga at 6:27, instead of 7:55. All other trains run on exactly the same schedule as before.

Died.

Mrs. P. A. Trotter, wife of Anderson Trotter, died at the residence of her husband in the 19th civil district of this county yesterday in the forenoon. The deceased was about thirty-six years old, and was born in this county, south of the Tennessee river. She was the daughter of Rev. Henry Rule, now a resident of Polk county, Missouri. She was a devoted wife and mother, a kind neighbor, a Christian woman, beloved and respected by all who knew her. She leaves a bereaved husband at six children, one of them a babe only a few weeks old, to mourn her untimely death. Her remains will be interred at the Beaver Ridge M. E. Church in the afternoon of today.

Expensive Wives

Make pensive husbands, and often pave the way to family ruin. Millions are annually expended in Parisian "imitations" by those who seek to substitute "art" for "nature," with the use of a few bottles of Dr. Pierce's Favorite Prescription, the diseases and weaknesses peculiar to women are overcome, emaciation arrested, the cheeks "painted" with the bloom of health, and the ingenious appliances of "art" dispensed with. The Favorite Prescription is sold by druggists under a positive guarantee to cure.

The Bear Hunters' Return.

Messrs. Charley Mills, Phillip Mays and Adolph Goodman, of the party of eight young men who left here a week ago Monday, for a tramp to the Smoky Mountain, came home Monday night, leaving the other five of the crowd still enjoying the mountain breezes. The boys seem to have enjoyed their trip, though it rained on them most of the time, and they had to huddle over log fires, while on the mountain. They scaled the highest summit of "Old Smoky," and had plenty of fun. Charley brought along with him a cat, and other portions of a bear which was killed by the party Wednesday. John Reeder killed him with a pistol, making a center shot. He was a fine young cub, weighing about sixty pounds. They made meat out of one ham, the other spoiled. The other boys had left the mountain and were at the foot fishing Monday morning. They are getting along finely and expect to return the first of next week.

Those Useful Condiments.

The kidneys and bladder, sometimes become torpid and weak from uncertain causes. When this occurs, their discharging function is of necessity very imperfectly performed, and certain debris, which is the result of natural bodily waste and decay, does not escape as it should, but remains to corrupt the blood and develop poisonous humors and dangerous as well as painful disease. It is one of the beneficial effects of Hostetter's Stomach Bitters to gently stimulate the urinary organs, and prevent them from lapsing into a state of inactivity, always provocative of their inflammatory degeneration and decay. How much better, then, is it to adopt this mild diuretic as a means of inciting them to action, than to incur the danger of this destruction. To expel from the system waste matter through the bowels and kidneys, and to regulate and arouse the stomach and liver, are among the chief uses of this valuable remedy.

The Bristol Narrow Gauge Railroad. According to the News Bristol had a grand demonstration on the occasion of the breaking of dirt for the narrow gauge railroad to be built from that place out through Virginia. It occurred last Thursday, July 31st. There were speeches by Messrs. I. C. Fowler, editor of the News, R. A. Ayers, Prof. Winston, Col. Vance and others, and an Ethiopian music by the squad of convicts. Judge Hacker adjourned his court for the occasion, and there was a general turnout, the crowd being estimated at 1,000. The soil was broken by Mr. Fowler with a new pick, and Maj. Wood, President of the enterprise, threw the first shovel of dirt. They have a force of about 30 convicts at work, and it is expected to increase it to 100.

Can't Preach Good.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See "Truths" and "Proverbs," other column.

Persons from any place where yellow fever is epidemic will not be received at Tate Spring unless they can prove that they have been fifteen days out of the infected district.
